CHANGING CLIMATE

in the Krkonoše/Karkonosze Mountains

geoeko.krnap.cz

1st circular – save the date

21–23 September 2026, Špindlerův Mlýn, Krkonoše

We invite members of research institutions and universities, including students. The programme will include contributions on research conducted in the Krkonoše/Karkonosze Mountains across various disciplines, including workshops and a field excursion. Background materials for the strategic management of the national parks on both sides of the border will be discussed.

Participants are invited to submit abstracts for contributions (presentations and posters). Details will be specified in the second circular.

Schedule

March 2026	2nd circular and registration opening
May 2026	submission of abstracts
June 2026	registration deadline
July 2026	3rd circular and detailed programme
